9. That in this national emergency the Democracy of Indiana, banishing all feeling of passion and resentment, will recollect only their duty to the whole country; that this war should not be waged in the spirit of conquest or subjugation, nor for the purpose of overthrowing or interfering with the rights or institutions of the States, but to defend and maintain the supremacy of the Constitution, and to preserve the Union with all the dignity, equality and rights of the several States unimpaired; and that as soon as these objects are accomplished the war ought to cease. 10. That we will sustain, with all our energies,

war for the maintenance of the Constitution, and of the integrity of the Union under the Constitution; but we are opposed to a war for the emanci pation of the negroes, or the subjugation of the Southern States. 11. That the purposes avowed and advocated by the Northern disunionists, to liberate and arm loyal citizens, a disgrace to the age, is calculated

to retard the suppression of the rebellion and meets our unqualified condemnation. 12. That the total disregard of the writ of habeas corpus by the authorities over us, and the seizure and imprisonment of the citizens of loyal VERY LIBERAL REDUCTIONS TO States where the judiciary is in full operation, without warrant of law and without assigning any cause or giving to the party arrested any opportunity of defense, are flagrant violations of the Constitution and most alarming acts of usurpation of power, which should receive the stern rebuke of

every lover of his country and of every man who prizes the security and blessings of life, liberty and 13. That liberty of speech and of the press are guaranteed to the people by the Constitution, and none but a usurper would deprive them of these rights; they are inestimable to the citizen and formidable to tyrants only. And the attempts which have been made since our present unfortunate troubles, to muzzle the press and stifle free discussion, are exercises of despotic power against

which freedom revolts and which can not be tolerated without converting freemen into slaves. 14. That the seizure of Slidell and Mason, on board a neutral vessel, on the high seas, was either in accordance with international law, and so legal; or else in violation of such law, and so illegal. If the former, we lament that our nation has been humiliated by their surrender, under a threat; if the latter, it was the duty of the Administration at once to have disavowed the act of their officer, and instead of incarcerating the captives in Fort Warren, to have immediately repaired the wrong by placing them, as far as practicable, in the same condition in which that officer had found them. In either event, the action of the Administration was vacillating fand cow-

ardly, and degrading to the dignity of a great na-15. That the action of the Republican party, as manifested in the partisan character of all appointments of the Administration to civil office; and, in holding party caucuses by the Republican members of Congress for the purpose of impressing upon the legislative action of that body the peculiar dog mas of that party, have demonstrated that their professions of "sacrificing party platforms, and party organizations, upon the altar of their country," are but so many hypocritical and false pretences by which they hope to dupe the unwary into their support; and we warn all loyal persons, as they love their country, not to be deceived thereby.

16. That the disclosures made by the investigating committee in Congress of the enormous frauds that have stalked into the army and navy

departments, implicating the heads of those de-

partments in a connivance at, if not an actual

participation in a system of corruption, and in which our brave soldiers have been defrauded of their proper supplies, and our Government threatened with bankruptcy, demands a thorough investigation into all our expenditures, both State FALS AS THEY MAY BE ORDERED IN THE and National, and that a speedy and marked example be made of all such "birds of prey," who, taking advantage of the necessities of our coun try, have fed and fattened upon public plunder. Resolved. That the meritorious conduct of the Indiana troops, in every battle field where victory has perched upon the national banner, has filled the people of this State with the highest grati-

tude to her gallant sons, and that we send our

best wishes to officers and men, dispersed through-

out the country, and the heartfelt greetings of every Democrat for their further brilliant achieve

ments in the coming contests for the maintenance of the Constitution and the Union.
